

# For the Best Results

## Perfect for the Fresh Counter

### Visual Sales Promotions

With the UC-CWT Evo CT you can significantly increase sales through targeted promotions for both food and non-food items. Whether it's gourmet week, a salad dressing tip, or promotions for unusual foods from around the world, the UC-CWT Evo CT stirs up customers' appetite and puts offers in the forefront of their minds with its attractive 12.1" customer display.

### Professional Advice

Whether you want to provide information about hygiene, keep staff informed about new regulatory policies, or provide expert advice through recipe tips and information about ingredients or origin, the touchscreen is the perfect platform for innovative employee training and highlighting valuable tips for sales discussions.

### Compact Design

The flat and compact design of the scale helps save space at the sales counter, avoids creating an unnecessary barrier between sales staff and customers (especially thanks to the slimline screen stand), and enables employees to access items on the sales counter quickly and easily.

### Self-Service Weighing

Build loyalty with customer-friendly self-service solutions. The large color touchscreen and graphical user interface offers your customers the ultimate in convenience when choosing products. This means fast and problem-free weighing even at peak times, resulting in a better shopping experience.

### UC-CWT Evo CT

## High Performance Scale with the Ultimate Marketing Tool

The UC-CWT Evo CT is ideal for retailers wanting to increase sales and maximize the return on their investment. Through dynamic product marketing, the UC-CWT Evo CT facilitates more personal associate and customer interaction, right at the scale. The UC-CWT Evo CT can perform double-duty as a self-service scale and in-store marketing workhorse. The fast professional processor and 12.1" SVGA color LCD customer display optimizes every transaction for a superior shopping experience. The UC-CWT Evo CT can easily adapt to changing process and data requirements. This flexibility protects your investment and helps you keep pace with rapidly changing production and customer demands.

- **Large customer display – perfect for visual sales promotions**
- **Cross-selling advertisements – strengthen margins by generating additional income**
- **Personal customer advice – a high level of expertise is persuasive**
- **Improve your bottom line – increased accuracy and shrink reduction**
